Nilfisk Backpack vacuum cleaners

Nilfisk GD 5 Back / GD 10 Back

Cleaning with convenience

There are many things that should be present in a good backpack vacuum cleaner. It should be light in weight, with even weight distribution, and the noise level must be as low as possible. Without these basics, a backpack vacuum cleaner is uncomfortable and impractical to operate. At the same time, the power needs to be sufficient for fast, effective cleaning, and the dust bag must be large enough to avoid constant changing. Above all, the cost of cleaning must be right!

The Nilfisk GD 5/GD 10 backpack vacuums surpass all criteria, with technical advancement that shows in every Nilfisk product, making fast productive cleaning at a price that won't bust your budget.

Nilfisk GD 10 Back

Easy to install optional HEPA filter for allergy & asthma sufferers.

Accessories are stored on the belt for easy access.

Wide selection of accessories available to meet specific applications.

Power plus comfort = Productivity

- Low sound level for operator comfort and cleaning in noise-sensitive areas
- Lightweight vacuum cleaner and a harness that is ergonomically designed to reduce fatigue
- Good filtration with HEPA filter option
- Durable construction for longer working life
- Containers in different sizes to fit the application
- 15 metre detachable cable with safety release saves time
- Easy to store as it stands on the floor or can be wall hung
- Suitable for left or right handed use
- Excellent power/weight/price ratio
- Exhaust air designed so that it does not interfere with the operator

Nilfisk GD 5 Back

For convenient cleaning of those hard to reach places, the GD 5/GD 10 backpacks are the answer
