

Tapinet Ex

Description

Strong foamless carpet extraction agent with pleasant, sweet odour.
pH pure: 10

Application

Cleaning of carpets with carpet extractors and bonnetpad-cleaning.
Can also be used as a precleaner for powder cleaning.

Dosage

For carpet extration: 20 – 40ml per 5 liter water
For bonnetpadsystem: 500ml per 5 liter water
As precleaner: 100ml per spraybottle of 650ml.
By adding Smellex (1/10) to Teppich Ex the effect will be reinforced. (First test the colourfastness with Smellex)
Don't use carpet-extraction on carpets with a jute back.

Ecology

This product complies with the legislation concerning detergents.
