

Anti-mosquito liquid (BE: BE-REG-01623, Luxemburg 154/22/L)

GENERAL

Anti-mosquito liquid refill for anti-mosquito plug-in with liquid

- Provides effective protection for 45 nights
- Approval number: Belgium BE-REG-01623, Luxemburg 154/22/L
- This product is not suitable for sale and use in the Netherlands

USAGE

Use biocidal products with caution. Read the label and the information relating to the product before use.

Use biocides safely. Before use, read the label and product information.

1. Remove the protective cap from the bottle
2. Insert the bottle in the space provided for this purpose in the evaporator and screw it on until it continues to run: the child safety is now switched on
3. Insert the plug into the socket (220 V) and turn the evaporator so that the bottle is vertical. The evaporator starts to work approximately 15 minutes after it has been connected.

When the bottle is empty, unplug the evaporator, switch off child safety by unscrewing the bottle while pressing the bottom of the bottle. Then replace the empty bottle with a new refill against mosquitoes 45 nights.

Anti-mosquito liquid (BE: BE-REG-01623, Luxemburg 154/22/L)

TECHNICAL SPECIFICATIONS

Dimensions product (LxHxW) 6 x 10.2 x 6 cm

LOGISTIC DATA
