

Milk System Cleaner - 20 l

GENERAL

Liquid cleaner and descaler based on citric and lactic acids.

- Specifically developed for use in milk systems, coffee machines and espresso machines
- Provides powerful cleaning thanks to the easy removal of built-up milk residues and limescale
- Ideal for milk frothers, manual steam nozzles,...
- Also suitable for descaling and general cleaning of other kitchen appliances and dishwashers
- Free of mineral acids
- Safe for stainless steel, iron and copper

pH	1.2
Cleaning Power	Super powerful

USAGE

Automatic Milk System:

Mix 30 ml Milk System Cleaner with 500 ml cold water and place the suction hose in the solution.

Run a full solution through the machine and then run cold water through the machine to thoroughly rinse all components.

Steam nozzles and other dairy related equipment:

Soak the equipment for 15 %E0 30 minutes in 30 ml Milk System Cleaner per 500 ml cold water. Then rinse all components thoroughly.

Only use this product for its specified purposes. If in doubt, first test the product in an inconspicuous area. BOMA is not responsible for any damages if the product is used incorrectly. Consult the Safety Data Sheet (SDS) for additional information.
