5

Liquid skin cleanser for light skin cleansing.

Description

Estesol® classic is a pH skin neutral liquid skin cleanser featuring mild cleansing power and very good skin compatibility. It thoroughly cleans off all types of light contamination.

Area of Application

Light contamination from dust and grease. Estesol® classic is also suitable for cleaning the whole body.

Product Description

Clear, viscous, perfumed, light-green liquid.

EU Ecolabel

Within the cosmetics industry the EU Ecolabel guarantees highest environmental standards. Specific test criteria are used to analyse the impact of the product throughout its life-cycle, starting from raw material extraction, through to manufacturing, distribution and disposal.

Instructions for Use

- Rub Estesol® classic onto the soiled areas of skin.
- Wash using just a little water.
- Thoroughly rinse off.
- Dry carefully.

Features and Benefits

Features	Benefits
awarded the European Ecolabel	• does not pollute the environment
contains skin-smoothing conditioner	• improved skin feel after washing coupled with caring effect on the skin
contains high quality ingredients (e.g. sugar surfactant)	• can be used all over the body, and even on sensitive skin
non-soapy	• helps to stop the skin swelling
pH skin neutral	• helps to maintain the natural, acidic protective mantle, whose function includes protecting the skin from bacterial and fungal infection
dermatologically tested	• very good skin compatibility • minimises the risk of skin incompatibility
very easily biodegradable surfactants	• no impact on waste water or the environment
silicone-free no adverse effects when painting surfaces	• can be used in a whole range of production processes

Qualitative Composition

AQUA (WATER), SODIUM LAURETH SULFATE, SODIUM CHLORIDE, LAURETH-2, SODIUM BENZOATE, CITRIC ACID, PEG-30 GLYCERYL COCOATE, LAURYL POLYGLUCOSE, POLYQUATERNIUM-22, CI 47005*, CI 61570*, PARFUM (FRAGRANCE).

The ingredient declarations used are in compliance with the International Nomenclature of Cosmetic Ingredients (INCI).

* CI = Colour index

Skin Compatibility Tests

The skin compatibility of Estesol® classic was carefully tested under laboratory conditions and medical guidance. In these tests, as well as in practical use, Estesol® classic has proven to have very good skin compatibility properties.

Medically certified skin compatibility expert reports prepared by Prof. Dr. med. S. W. Wassilew, MD for Dermatology, Allergology, Environmental Medicine, are available upon request.

Statutory Regulations

Estesol® classic is governed by the Cosmetics Regulation of the EC, and is not subject to the Chemicals Act or the Ordinance Regulating Hazardous Substances.

Safety Data Sheet

Can be downloaded from www.stoko.com.

Ecological Data

Ingredients and packaging of Estesol® classic are particularly environment-friendly. Therefore Estesol® classic has been awarded the European Ecolabel.

Quality Assurance

All of our products meet the bacterial purity standards as they apply to medicines for external use (as defined by Ph. Eur.).

< 10² reproducible germs / g product.

Verification tests in this respect are a regular feature of our quality assurance procedures.

Storage Information

Estesol® classic can be stored in an unopened container at room temperature for more than 30 months. Shelf life after opening: see indication on packaging.

First Aid

In the event of accidental eye contact with Estesol® classic, rinse repeatedly using lukewarm water (eye douche, eye irrigation bottle). Consult a doctor if any burning sensation persists.

Additional Information

Expert reports and certificates are available upon request.
