

MULTIZYM

Multi-use enzymatic ecodetergent

For daily cleaning of floors and surfaces. Concentrated formulation combining raw materials of vegetable origin with enzymes for greater efficiency. Ecodetergent certified by ECOCERT Greenlife according to the ECOCERT standard available on <http://detergents.ecocert.com>.

Advantages

- Cleans all surfaces **without streaks**
- **Non-aggressive** for the user and the materials in contact with it
- Reduces the clogging of machines (scrubber-dryers)
- Restores and preserves **floor traction**
- Natural and fresh fragrance with essential oils
- No artificial colouring

Fields of application

Composition

99% of all the ingredients are of natural origin

Components:

- >30% Water
- <5% solvents, non-ionic surfactants, sequestering agents, acidity corrector, fragrances, sodium lactate, enzymes, reaction mass of: 5-chloro-2-methyl-4-isothiazolin-3-one [EC no. 247-500-7] and 2-methyl-2H-isothiazol-3-one [EC no. 220-239-6] (3:1), stabilizers, denaturants, LIMONENE, CITRAL

Instructions for use

MANUAL APPLICATION

Dosage: 0.5 to 1%

1. Dilute the product in hot water.
2. Apply the product to the surfaces to be cleaned.
3. Let it work for a few minutes.
4. Rinse with a sponge or damp cloth.
5. Dry with a clean cloth or rag.

Comment:

- To reduce the environmental impact, respect the recommended doses of use.
- It is recommended to dose the product using a dilution doser to avoid over- or under-consumption.

Temperature

35-55 °C maximum
