Walk behind scrubber/dryers

Nilfisk BA 651/751/851

Nilfisk
setting standards

A new generation of scrubber/dryers

More versatility, up to 30 percent greater productivity, better-than-ever reliability, extremely silent operation, and the most advanced ergonomics available. These are some of the reasons why the Nilfisk BA651/751/851 series represents a new generation of scrubber/dryers, and real added value for cleaning professionals. Never before has there been such an outstanding combination of modern ergonomic design, high performance and superb traction. This is the complete walk-behind unit for large area cleaning.

Nilfisk BA 851

Big bumper guards on the deck and squeegee indicate the strength and reliability of this range

The one-touch, easy to use control panel reduces risk of operator error for safety and better results

The optional Nilfisk EDS-Eco Dosage System accurately meters the detergent and saves costs

More performance and better manoeuvrability

- Extremely low noise level (down to 58 dB(A)) makes daytime cleaning viable
- Superb manoeuvrability allows the machine to turn around in a 200 cm wide aisle
- Excellent ergonomic design gives clear visibility and less operator stress
- Powerful traction and easy handling makes cleaning faster and easier
- Combination of 86 cm scrubbing width, 5.6 km/h speed, and large capacity tanks provide better-than-ever productivity
- Sturdy construction, state-of-the art design and better materials offer more reliability and longer working life
- EDS-Eco Dosage System is available to save both water and detergent costs and to optimise the cleaning process
- Interchangeable brush decks allow a choice of 3 different disc sizes or 71 cm cylindrical
- The control panel is one-touch operated and well designed for ease of use

Nilfisk BA 751C

The BA 651/751/851 series is designed for optimal cleaning of large floor areas, such as supermarkets, hospitals and industrial floors.
