

Energy saving vacuum cleaner for efficient cleaning performance

The modular design not only allows flexibility to choose exactly what you need but it also makes the vacuum cleaner easy to maintain and service for years to come. When a cord is worn out or damaged, it can easily be replaced by a new cord module in no time, providing you with a machine that need never be out of service.

- 350/800 w fan unit with A rated Energy Labelling
- Power boost function for optimized power consumption and cleaning performance
- HEPA exhaust filter as standard
- New magnetic closing of dust compartment securing high reliability
- Available with detachable cord or cord rewind
- Best in class sound quality

The Nilfisk VP600 vacuum cleaner offers a wide range of features to choose from and you can find exactly the variant that fits your specific cleaning job. Choose the cord solution that suits you and enjoy the user friendly design with smart parking of accessories for better ergonomics. The dual speed function and low sound level makes the machine ideal for daytimecleaning in hotels, restaurants, offices and institutions. HEPA filter is standard to ensure a clean work environment.
