

Nilfisk CA/BA 340 faster and more efficient than mopping

Nilfisk CA/BA 340 and CA 340ET are the smart alternative to mopping. An automatic scrubber/dryer leaving your floors spotless. There is no slippery residue and no aching back. The series is perfect for maintenance of hard floor in small areas, e.g. stone, tile, cement, marble, rubber, vinyl, etc.

The battery-operated BA 340 cleans up to 700 m² on a single charge.
The cable-operated CA 340 is light and portable, appreciated by most cleaning contractors and equipped with separate solution and recovery tanks for easy filling and emptying.

The CA 340ET version offers all the qualities of the CA 340, but with an extra large membrane tank with enough capacity for cleaning up to 400 m² of floor space without refilling.

- Twice as fast as mopping, removes the dirt instead of evening it out
- Unique design permits cleaning under furniture and right to the edge of the floor
- Scrubbing and vacuuming in forward and reverse
- Easily transported
